

SSS DISH MACHINE DE-SCALER

PRODUCT DESCRIPTION:

This product is recommended for removing hard water scale deposits and is satisfactory for use on stainless steel and cast-iron surfaces found in dishwashing machine tanks. It cleans and brightens metals quickly and easily, saving time, work, and manpower.

AREAS OF USE:

Safe to use in all areas where hard water deposits are left behind including dish machines.

SPECIFICATIONS:

Item No.: 78100

Available Size: 4x1gl

Physical State: Liquid

Color: Green

Fragrance/Odor: None

Foaming: None

Specific Gravity: 9.15

pH (Concentrate): 1.5 ± 0.5

Freeze Thaw Stability: *Avoid heat, freezing, direct sunlight, and moisture*

REGULATORY INFORMATION:

Ozone Depleting Compounds: None
