

SS TRIPLE S
HygienePoint
Hand Hygiene System

HygienePoint™ Advanced Technology Foam Soap Dispensing Systems from Triple S®

Modern Design with Advanced Technology

New HygienePoint™ Foam Soap Dispensing Systems add a touch of class to your facility and are available with refreshing, spa-quality foam soap formulations that people love.

Whether you choose manual, touch-free or our new touch-free systems powered by energy that's right on the refill, your maintenance team will appreciate the advanced features that make maintenance a breeze.

Choose the HygienePoint™ System that's Right for You

Three new systems that are built for reliability and high performance. All are available in the color options shown, and can be personalized with your company logo.

**PS
PUSH-STYLE**

Durable and reliable push-style systems. Easy to maintain.

**TF
TOUCH-FREE**

Touch-free systems built for reliable performance and maintenance ease.

**TFE
ENERGY-ON-THE-REFILL AND
COMMUNICATION CAPABLE**

Touch-free with energy-on-the-refill plus the ability to add communication modules.

Refills are recyclable	YES	YES	YES
May be personalized with your logo on the dispenser	YES	YES	YES
Touch-free dispensing		YES	YES
Energy-on-the-refill – touch-free and no batteries to change			YES
Optional modules add capability for service alerts and compliance monitoring			YES

HygienePoint™ TFE Dispensing System

When you choose new HygienePoint TFE Foam Soap Dispensers, you're getting the most advanced technology available in a touch-free system. Imagine never having to change out batteries because they are included on every refill!

Sleek Front and Side Windows

Make it easy to see when dispensers need service.

Contemporary Design

A variety of color options to match any decor.

Personalize with Your Logo

Add your logo to the dispenser. For large installations we can personalize the entire front of the dispenser. Contact your Triple S distributor for details.

Communication Capability

Optional plug-in modules let you add service alerts or other upgrades as technology evolves.

Easy to Pair Dispensers with Refills

Labels inside the dispensers match labels on the refill, so it's easy to match the correct dispenser and refill.

Built for Sustainable Performance

The HygienePoint™ TFE System represents a 68% reduction in battery waste when compared to leading touch-free systems on the market.

Battery Waste Over Dispenser Lifetime

Based on battery weight at a usage rate of 3 refills per dispenser, per year. Savings calculated based on a 6-year dispenser lifetime, compared to leading traditional touch-free systems.

Breakthrough Energy-on-the-Refill Technology

Each new refill comes with its own energy source – a coin cell battery that’s integrated into the refill. When you replace the empty refill, you get fresh product and fresh energy in one simple step. Back-up power inside the dispenser provides added assurance of high performance — even with extreme high-frequency use.

Easy Recycling and Disposal

PET bottle and refill components are easy to disassemble, including removal of the battery.

A Variety of HygienePoint™ Foam Soap Options

HygienePoint Foam Soap Dispensers are available with spa-like formulations that are pleasant to use and feature luxurious lather.

Choose foam soap, antibacterial foam soap, or shower soap. Unlike regular soap, Ultra Clean Foam Hand Soap removes over 99% of dirt and germs^{1,2} – without the use of antibacterial ingredients!³

Breakthrough Innovation in Hand Soap

Introducing Hygienic Hand Soap with CLEAN RELEASE™ Technology

Healthy skin is cleaner skin. Hygienic Hand Soap with CLEAN RELEASE™ Technology sets a new standard for soap performance. This remarkably mild formulation is gentle on skin, contains no antibacterial ingredients³ or harsh preservatives, and removes over 99% of dirt and germs.^{1,2}

Scientific Breakthrough in Skin Health

Formulated for dry and sensitive skin, hypoallergenic Hygienic Hand Soap with CLEAN RELEASE™ Technology is free of these ingredients, so it is better for skin.

- **CLEANER INGREDIENTS**
Free of harsh preservatives, antibacterials³, parabens and phthalates
- **BETTER WASH EXPERIENCE**
95% preferred over regular soap⁴

CLEAN RELEASE™ Technology Helps Soap Work Better

CLEAN RELEASE™ Technology boosts soap performance. It reaches deeper into skin's cracks and crevices to gently remove more dirt and germs than regular soap.^{1,5}

- **DIRT REMOVAL** – Removes 30% more dirt than regular soap¹

Regular Soap⁶
Can't get to the tough-to-reach areas where dirt and germs may hide.

CLEAN RELEASE™ Technology
Reaches into skin's cracks and crevices 2X better to lift and wash away more than 99% of dirt and germs.^{1,2,7}

Better for You and the Environment

CLEAN RELEASE™ Technology soaps are made with natural ingredients. They rinse faster and cleaner to conserve water.

- **90% BIOBASED CONTENT⁸**
Far exceeding the 64% USDA requirements
- **WATER CONSERVATION**
Saves an estimated 6 gallons per refill compared to regular soap⁹
