

Panther 17B

Micro-Scrubber

Panther 17B Micro-Scrubber

Simple control panel for reliability and ease of use

Large recovery tank opening for easy cleaning

High Productivity Meets Affordability

The SSS Panther 17B Micro-Scrubber provides reliable performance, and easy operation at a tremendous value. Offering a wide brush deck, larger tanks for the micro-scrubber class improves productivity, and reduces labor.

Excellent for maintaining hygiene standards in schools, hospitality, retail and more.

- Eco Mode optimizes use of water and detergent to extend runtime and increase productivity
- Silent Mode allows for cleaning in sound-sensitive areas, or during daytime sound-sensitive environments – decibel level drops to 63 from an already low 67
- Ergonomic handle reduces operator fatigue and can adjust to different operators; also reduces space requirements for transport, storage, and operation
- Safety switches make it easy to control brush start and stop
- Intuitive dashboard-based control of all functions requires minimal training
- Tool free removal of squeegee assembly simplifies maintenance
- Three-wheel design is highly-maneuverable for ease of use
- Equipped with pad holder, and shelf charger

Specifications	
Model	Panther 17B
Item #	86069
Cleaning Path	17 in
Solution Tank	6.6 gal (25 L)
Recovery Tank	6.6 gal (25 L)
Power (batteries included)	(2) 85 Ah AGM
Productivity	12,739 ft/hr
Pad Motor	.54 hp
Vacuum Motor Power	.4 hp
Vacuum Waterlift	35.4 (900 mm)
Squeegee Width	22.4 in (570 mm)
Brush/Pad Diameter	17 in (430 mm) (Pad Assist)
Pad Pressure	41.8 lbs
Brush Speed	140 RPM
Sound Pressure Level	67 dbA and 63 dbA in silent mode
Run Time	3-4 hours
Weight (Machine Only)	295 lb (134 kg)
Dimensions L x W x H	40.1 x 22.4 x 46.5 (1020 x 570 x 1182 mm)
