BIO-ENZYMATIC SPOTTER

Carpet Stain Remover & Deodorizer

A ready-to-use, multi-enzyme carpet spotter & odor eliminator. Enzyme-generating bacteria quickly breaks down organic residues eliminating stains and odors in carpet and upholstery.

Specially formulated to dissolve and suspend embedded foreign matter.

Effective on spots caused by coffee, milk, wine and other spills. Removes pet, smoke and organic odors. Cherry Almond fragrance.

**Multi-Enzyme Formula Digests Organic Soils -
Odor Counteractant Neutralizes Malodors - Ready To Use**

Directions

1. Remove solids and blot excess liquids with a clean, white absorbent cloth.
2. Apply spotter. Do not over wet the carpet.
3. Agitate lightly with SSS Brush/Scraper. Work from the outside of the spot to the center.
4. Allow 1 to 3 minutes dwell time.
5. Blot with a clean, white absorbent cloth. Use SSS Brush/Scraper with a tamping action.
6. For best results, rinse and extract with SSS Carpet Rinse & Neutralizer.

Important Notes: Pre-test carpet for colorfastness in an out-of-sight area. Difficult spots may require additional dwell time or repeated applications. Avoid rubbing and aggressive agitation, which may spread the stain and damage carpet fibers. Always wear appropriate gloves, safety goggles or glasses. "Asthmatics" and other "chemically sensitive" individuals should avoid recently cleaned areas for a period of at least 24 hours. All carpet cleaning products introduce substances to the indoor environment; however, certified products have comparatively reduced risk.

Specs

Dilution: Ready To Use

pH Level: 8.0 - 9.0

Color: Amber

Fragrance: Cherry-Almond

Pack: 12/1 Quart (#48018)

Advance Gemini Surfactant technology revitalizes and cleans better than conventional surfactants due to its superior surface active properties. Deodorizes while it spots.
