PRO SERIES

RED STAIN REMOVER

Red Dye & Greasy Food Spotter

A specialty carpet spot and stain remover effective on tough food & beverage stains. Removes iodine & Betadine® from carpet and hard surfaces.

Can be used for hot transfer stain removal.

Removes Iodine & Betadine® From Carpet And Hard Surfaces

Directions

1. Remove solids and blot excess liquids with a clean, white absorbent cloth.
2. Apply spotter. Do not over wet the carpet.
3. Agitate lightly with SSS Brush/Scraper. Work from the outside of the spot to the center.
4. Allow 1 to 3 minutes dwell time.
5. Blot with a clean, white absorbent cloth. Use SSS Brush/Scraper with a tamping action.
6. Rinse well with water and blot dry. For best results, rinse and extract with SSS Power Spotter.

Important Notes: Pre-test carpet for color-fastness in an out-of-sight area. Difficult spots may require additional dwell time or repeated applications. Avoid rubbing and aggressive agitation, which may spread the stain and damage carpet fibers. Always wear appropriate gloves, safety goggles or glasses.

Specs

Dilution: Ready To Use

pH Level: 9.0 - 9.5
