- Food Service Areas
- Schools
- Hotels
- Hospitals
- Restrooms
- Shower Rooms

Specifications

SSS Item Numbers	48100
Available Sizes	1G
Physical State	Liquid
Active Ingredients	15.0 + 0.5%
Color	Green, Slight hazy
Fragrance	Potpourri
Base	Detergent Blend
pH	8.5 - 9.5
Viscosity	Water thin
Foam	Moderate
Abrasive	None
Phosphate	None
Solubility	Complete with water
Emulsification	Excellent
Detergency	Excellent
Rinsability	Excellent
Flash Point	None
Biodegradability	Complete
Storage/Stability	2 years
Weight Per Gallon	8.76 lbs./gal.
Freeze/Thaw Stability	Keep from freezing

HMIS Hazardous Materials I.D. System

Health	2
Flammability	0
Reactivity	0
Personal Protection	B

What the Pros Know

After floor cleaning, bacterial action will work on mop heads to keep them from developing a sour mop odor.

Description

This product is a high performance, bacterial-enriched floor cleaner, odor eliminator, and grease digester with a pleasant potpourri scent. It is recommended for use in food service areas, schools, hotels, hospitals, restrooms, and shower rooms. No rinse is required. The unique chemistry provides bleaching action that brightens surfaces as it cleans and leaves surfaces sparkling clean with a pleasant scent. It is ideal for cleaning concrete, ceramic tile, quarry tile, grout and brick and rubber mats with floor machine or mopping. Inherent biological action continues to clean between regularly scheduled cleanings to help keep grease accumulations to minimum.

Directions

Wear safety equipment recommended on SDS, place Wet Floor Signs and read all directions and cautions prior to beginning your work.

May be applied with automatic scrubber, mop, brush, pump-up sprayer or pressure washer.

(FOR LIGHT DUTY CLEANING AND FLOOR MAINTAINING) Dilute 1 to 2 ounces of product per gallon of water. Rinse with clean water as needed.

(FOR MEDIUM DUTY FLOOR CLEANING) Dilute 3 to 4 ounce of product per gallon of water. Rinse thoroughly with clean water.

(FOR GREASE, OIL AND OTHER HEAVY DUTY FLOOR CLEANING) Dilute 6 to 8 ounce of product per gallon of water. Rinse thoroughly with clean water.

Apply product by spray, mop, sponge or automatic scrubber to surfaces to be cleaned. If necessary, agitate to help remove excessive soils. Rinse thoroughly with clean water as needed.

These directions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be used.
