

COLORSURGE

CleanColor Technology

The ColorSurge urinal screen changes color from dark to light when urine hits it, encouraging better aim and resulting in less mess. The innovative design reduces splash by 99%, keeping restrooms cleaner and freshens for 30 days. ColorSurge offers improved sustainability by using less plastic and creating improved performance.

Virtually eliminates urine splashback

- Changes color from dark to light when urine hits it, encouraging better aim

Improves restroom appearance & customer experience

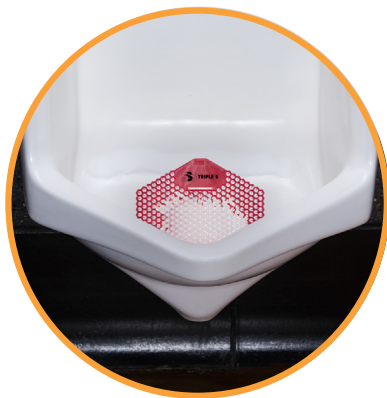

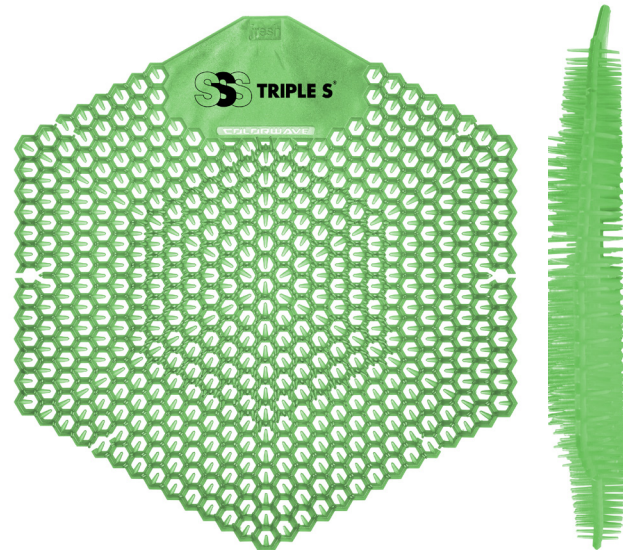

- Patented, long protrusions break up the urine stream so clothes, floors, and walls stay cleaner

Keeps restrooms smelling fresh longer

- 2-3 x more fragrance than any other similarly sized screen for 30 days of freshness

Improved sustainability

- More effective than competitors while using less plastic
