**LIMPIADOR PARA TODO PROPÓSITO CON PH NEUTRAL
QUE NO NECESITA ENJUAGUE**

Technical Data

Areas of Use

A neutral cleaner for everyday use. Excellent, no rinse, non dulling floor cleaner.

- Use this product on all surfaces not harmed by water
- This product is safe for use on all types of polished or unpolished, resilient and non-resilient floors — except unsealed wood
- General cleaning on cured paint, plastic, metal, aluminum, laminates, fiberglass, glass

Specifications

Available Sizes	4/1G, 5G, 55G
Physical State	Liquid
Color	Yellow-Green
Fragrance	Woody
Foaming	Low
Free Rinsing	Yes
Petroleum Distillates	None
Phosphates	None
Viscosity	Thin
Specific Gravity	0.998
pH (undiluted)	7.7
HMS Hazard Rating	
Health	1
Flammability	0
Reactivity	0
Personal Protection	A

What the Pros Know

No-Rinse cleaners do not leave a visible residue when dry. However, when mop water becomes soil laden, a visible residue will be left. Keeping the mop water relatively clean will reduce the frequency of deep scrubbing or stripping procedures. Neutral cleaners are the best option for high gloss finished floors, as they will not attack the finish film.

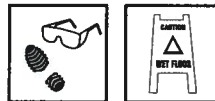

- Neutral ph - Non dulling, no rinse cleaner
- All surface safe - Gently cleans for daily use
- Concentrated, versatile - Reduces need for several products
- Clean fresh woody fragrance - Pleasant to use
- Free rinsing - Will not leave dulling soap film

Designed for use as a floor cleaner, this low foam, concentrated product is an effective cleaner on high gloss floor finishes. Used daily, it will provide longer wear of floor finishes and seals. Formulated to deodorize rooms as it gently cleans, without leaving a dulling soap film. No rinsing is required, saving time and labor. Excellent for use in automatic scrubbers for cleaning large areas.

It may be used to effectively clean walls, counters and any other surfaces not harmed by water alone. This product can be applied by trigger sprayer, mop or automatic floor scrubbing machines. This gentle but effective neutral cleaner is ideal for use as a daily maintenance cleaner.

Directions

Wear safety equipment recommended on MSDS, place Wet Floor Signs and read all directions and cautions prior to beginning your work.

Remove gross soils (labels, gum). Dust mop floor daily.

For daily use, and light soils, dilute 1:32 to 1:20 (4-6 ounces per gallon of water)
For moderate to heavy soils, dilute 1:16 to 1:10 (8-12 ounces per gallon of water)

Clean with mop or auto scrubber to remove soils and spills, picking up solution as you clean. Allow to dry. No need to rinse. When cleaning with a mop and bucket, replace solution when it becomes visibly dirty.

No rinse cleaner

All surface safe

Pleasant to use
