Why It's A Better Cleaner

- Cleaning carpets with a sanitizer such as Triple kills odor-causing bacteria.
- Ideal for use in schools, day-care centers, hospitals, and nursing homes.

How It Cleans

FOR USE IN A SPRAY BOTTLE: Dispense diluted product into properly labeled RTU container. Simply spray on surfaces to be cleaned, let solution sit and wipe off with a clean absorbent cloth or towel. For heavy soils, allow surface to soak 3 - 4 minutes, then agitate, and rinse clean.

FOR USE IN AN AUTOMATIC SCRUBBER OR MOP BUCKET: Dispense diluted product into mop bucket or automatic scrubber. Apply product on surfaces to be cleaned. Allow a few minutes of dwell time for the solution to penetrate the soil. If necessary, agitate to help remove excessive soils. If solution becomes visibly dirty, discard and make up fresh solution. Rinse with clean water as needed.
