Dilution Control System

Why It's A Better System

- Concentrate and RTU labels are numbered and color coded for safety and to facilitate training
- Closed system - Spill proof container
- New Metered Tip with each concentrate provides proper dilution each time
- English/Spanish label copy
- Each concentrate has an easy carry handle
- Recyclable HDPE #2 container

Why It's A Better Deodorizer

- Highly concentrated - provides low end use cost.
- Instantaneously controls offensive odors.
- Features a pleasant lavender fragrance.
- Will not leave stains on the sprayed surfaces.

How It Cleans

FOR USE IN A SPRAY BOTTLE: Dispense diluted product into properly labeled RTU container. To refresh the air, spray with a fine mist towards ceiling corners. To eliminate odors on fabric or hard surfaces, spray directly on surface.
