N-CAPSUL-8 ENCAPSULATING LOW MOISTURE DRY CRYSTAL CARPET CLEANER

For interim carpet maintenance, N-CAPSUL-8 uses advanced cleaning technology to clean carpets by surrounding and encapsulating soil. After the soil dries the crystals containing the soil are easily vacuumed. The low moisture chemistry eliminates the need for rinsing and minimizes carpet down time. Special additives create an anti-resoiling barrier that helps keep carpets cleaner, longer. Formulated with more environmentally favorable ingredients. Contains no toxic solvents or other harmful chemicals that may cause indoor air quality (IAQ) issues. Specifically formulated for all fibers. Recommended for all colorfast carpeting. Formulated with Pleasant Clean fragrance.

DIRECTIONS

Vacuum carpet thoroughly. Pre-test carpet for colorfastness in an out-of-sight area.

Low Moisture Prespray Application:

1. Pre-mix 8 oz. per gallon of cold water.
2. Pre-spray areas to be cleaned and allow a dwell time of 5-10 minutes.
3. Agitate with brush or by other means (carpet extractor in brush mode permitted; do not use water).
4. Allow carpet to dry. Vacuum carpet thoroughly.

Spot Cleaning:

1. Remove solids and blot excess liquids with a clean, white absorbent cloth.
2. Spray undiluted product directly onto spots to be cleaned. Do not over wet the carpet.
3. Agitate lightly with SSS Brush/Scraper or by other means.
Work from the outside of the spot to the center.
4. Allow a dwell time of 5-10 minutes.
5. Allow carpet to dry. Vacuum carpet thoroughly. (No rinse required)

Important Notes: Follow the cleaning procedures specified by manufacturer of the cleaning equipment. Avoid overwetting the carpet. Add SSS Liquid Defoamer or Foam Eliminator to the recovery tank as necessary. After using this product, set the carpet pile and protect the carpet from furniture legs and bases while drying.

Para manchas generales, N-CAPSUL-8 utiliza tecnología de limpieza avanzada para eliminar manchas rodeando y encapsulando la tierra. Después de que la tierra se seca, los cristales que la contienen se aspiran fácilmente. La química de baja humedad elimina la necesidad de enjuagar y minimiza el tiempo de inactividad de la alfombra. Los aditivos especiales crean una barrera anti-suciedad que ayuda a mantener las alfombras limpias por más tiempo. Formulado con ingredientes más favorables al medio ambiente. No contiene disolventes tóxicos ni otros productos químicos nocivos que puedan causar problemas con la calidad del aire interior (IAQ). Formulado específicamente para todas las fibras. Recomendado para todas las alfombras que no destiñen. Formulado con fragancia Pleasant Clean.

DIRECCIONES

Aspire bien la alfombra. Haga una prueba previa de la solidez del color de la alfombra en un área fuera de la vista.

Aplicación de prepulverización de baja humedad:

1. Premezcle 8 oz. por galón de agua fría.
2. Rocíe previamente las áreas que se van a limpiar y deje reposar entre 5 y 10 minutos.
3. Agitar con cepillo u otro medio (se permite el extractor de alfombras en modo cepillo; no utilizar agua).
4. Deje que la alfombra se seque. Aspire bien la alfombra.

Limpeza de manchas:

1. Retire los sólidos y seque el exceso de líquidos con un paño absorbente blanco limpio.
2. Rocíe el producto sin diluir directamente sobre las zonas a limpiar. No moje demasiado la alfombra.
3. Agite ligeramente con el cepillo/raspador SSS o por otros medios.
Trabaje desde el exterior del lugar hacia el centro.
4. Deje un tiempo de permanencia de 5 a 10 minutos.
5. Deje que la alfombra se seque. Aspire bien la alfombra. (No requiere enjuague)

Notas importantes: Siga los procedimientos de limpieza especificados por el fabricante del equipo de limpieza. Evite mojar demasiado la alfombra. Agregue SSS Liquid Defoamer o Foam Eliminator al tanque de recuperación según sea necesario. Después de usar este producto, fije el pelo de la alfombra y protéjala de las patas y bases de los muebles mientras se seca.

WARNING

HAZARD STATEMENTS

Causes serious eye irritation. Causes mild skin irritation. May be harmful if swallowed.

PRECAUTIONARY STATEMENTS

Do not get in eyes, on skin, or on clothing.
Keep container tightly closed.
Keep out of reach of children.
Wear protective gloves/protective clothing/eye protection/face protection.
